

## **Green Impact Fund – Key Information**

We want to encourage our student groups to be environmentally conscious. That's why we've started the **green impact fund** where you could get cash for your group, for reducing your student groups' negative impact on the environment!

### **What can we get?**

- The pot is £500 in total, and this will be awarded on a first come first served basis.
- You can get £50 for doing three environmentally friendly actions/activities
- You can get £75 for doing 5 environmentally friendly actions!

### **What do I have to do to be eligible?**

In order to be eligible all you need is an **activity/action** that you have done as a society which is environmentally friendly and **proof** of this.

Here is a list of ideas of potential environmentally friendly changes you can implement and how you can prove you have done it! (this is not an exhaustive list, so feel free to come up with your own).

- Using biodegradable, reusable, or paper straws for an event or social. You can prove this by taking a picture of the event and the straws being used
- Turning off the lights of the rooms you have booked after you leave, again you can also do this by taking a picture of the room after you have left
- If you have a big event on campus and you produce a lot of rubbish, show us that you recycled
- Advertising your events online and on the screens in union house instead of using paper leaflets or posters
- Ordering your supplies/equipment from environmentally friendly retailers
- Any type of reusing, reducing and recycling activity is welcome. For example reusing old Christmas cards to make new ones to sell during Christmas.
- Setting up an 'how to be environmentally friendly chat or presentation' for your members.

- Organising for your group to take public transport instead of driving to events
- Something else that you can show you did, that has a positive impact on the environment!

### How to apply

- [Fill in the form here.](#)
- You will need to send us a link to a document that includes the **three** or **five** actions you took to protect the environment, and the **evidence that you did those**
- We will check over your evidence, and get in touch with you if you've been granted the money!
- If you have, we'll get the money moved into your student group account to spend on whatever you want!
